RE: 2014 HANYC Membership Roster

DATE: January 13, 2014

In order to provide our membership with the most accurate and up-to-date information regarding Association Member Properties, Allied Members, Consultants, Cooperating Organizations, etc. the entire 2014 HANYC Membership Roster is presently on the Association's External Website. Simply by going to our website (www.hanyc.org) and selecting the Allied Membership Box, you may visit the website 24 hours/day to assure the accuracy of the information listed. Immediate changes to the website information can be made throughout the year simply by filing out the Information Change Form on our website and hitting the submit box sending it back to the Association for updating. At any point in time, you will be able to download the Associations' Roster right off our website to produce a hard copy edition for your convenience. The purpose of presenting the Roster in this manner is to insure that our membership has access to the most accurate and current information regarding the Association throughout the year.

All Allied Members are listed on the Association's 2014 External Website, free of charge, both alphabetically and by the service/product which is provided to the industry. If you wish to link your respective home pages on the Associations' Website, there will be an annual charge of \$200.00, in addition to your regular \$200.00 Membership Fee.

Best regards.
